The Conservation Trust is a Manitoba Climate and Green Plan Initiative delivered by

MANITOBA  
HABITAT  
HERITAGE  
CORPORATION

Homegrown conservation since 1986.

Please join us to learn more about The Conservation Trust and whether it might be a fit for your project.

The Conservation Trust will be holding two info sessions that will cover how to apply, and proposal writing tips to increase the chances of a successful application.

## Conservation Trust 101: Webinar

**Content:** CT Requirements & Tools for Success

[Click here](#) to register for the CT 101 Webinar.

## Conservation Trust 201: In-person workshop

**Content:** Budgets & Match Development

**Date:** 10 am-12 pm September 19<sup>th</sup>, 2019 in Winnipeg

**Note:** This session is an interactive workshop. Participants who choose to only attend the 201 workshop will need to read the 101 workshop material beforehand.

[Click here](#) by July 31st, 2019 to reserve your spot in the 201 workshop.

If you live outside of Winnipeg and are interested in the 201 session please [contact us](#).

## Successful projects will

- Be submitted by Manitoba-based not-for-profit groups
- Address an evident conservation need that is a priority for the Conservation Trust
- Be able to provide \$2 of matching in-kind or cash funding for every \$1 of CT funds requested
- Have significant, measurable, and/or multiple EG&S outcomes (conservation benefits)
- Involve active partnerships and have effective engagement with other organizations
